It's GREAT FISHING in our BACK YARD !

The Coastal Waters from the Taieri River Mouth to the Dunedin Harbour entrance has been 'teaming' in fish activity. Some 'old timers' have stated that the fishing lately, has been the best for Years. Even the Harbour Fishing has been the best for many Years. The Otago Salmon Anglers / Dunedin Community Salmon Trust will be releasing Salmon Smolt, Saturday 28th May and a 'major' release for Saturday June 11th, from the Sawyers Bay Hatchery into our City waterways and Harbour.

Both days; it's a 9am start. As with the previous year there will be 'hands on' by the many supporters of the Hens, Jacks and Sprats Club. It's a Public Time – all welcome to view the action !

Thanks to Wayne Andrews and Graham Rollo of Otago Metal Industries Ltd for their donation of time and machinery in clearing the old metal bins and sheets from our Club grounds. In the Past I have stressed the importance in supporting our Club sponsors – this is the same with these Guys. Otago Metal Industries Ltd have rubbish skips and are dealers in scrap metal – they will look after our Club Members needs. Thanks to Phil Seque for his ongoing raffle donations – very much appreciated.

A recent Water Safety New Zealand Otago Regional Forum, I attended, gave me an educational insight in this important aspect of New Zealand life. As a 'Sea Nation' we all must have water safety skills in preventing injury and drowning. 2010 Year – 87 drowning deaths in NZ – The lowest recorded annual drowning toll since records began in 1980. This Year todate 57 deaths & for the same period Last Year 42. It's important as a Fishing Club we support Water Safety New Zealand, to educate the community. The following "Lure" News Letters will feature a Water Safely news page.

The Tautuku Fishing Club have the opportunity to build an relationship with "The Fishing Paper" - a informing, entertaining & encouraging to Fish paper, that's FREE to the

Public. Copies are available to our Club Members, from the Club Bar. The Club is helping towards launching this FREE Fishing, Hunting and Outdoors Newspaper into Dunedin & Otago Region. There's more to follow with this 'joint' partnership exercise.

Keep the Saturday Evening 18th June available – Meeting of the Clans. Should be a Great Night meeting with various Clubs over a drink and Haggis. RSVP to our Club Secretary ASAP. The Pie Friday Nights have been successful, with this now being an ongoing Monthly Event.

The ongoing "Statutory Body Proposal" has gained attention by Iwi Leaders. They voice the same views as I expressed in last Months "Lure" News – against licensing/stewardship fees. The New Zealand Recreational Fishing Council proposal has to be stopped. This proposed Statutory Body puts the future of recreational fishing and our freedom to catch a feed at great risk. Your New Zealand Sport Fishing Council and now various NZ Iwi leaders, are helping to alert and reverse this planned idea. More updates to follow no doubt !

A Bluff Oyster Trip is being planned by Warren Joyce for the 9th/10th July. This is a joint event with our Christchurch Fishing Mates. If you are interested – First in bases – contact ASAP.

JACKSON BAY FISHING TRIP

I am looking for expressions of interest to charter the boat Zena. With the legendary Chris Richards (Buddha). Wanna Go Fishing charter Haast.

Idea being, to head over there on the Friday afternoon, fish Saturday and Sunday, come home on the Monday. Aprox cost for 3 night accommodation and two days fishing \$550 per person.

This excludes petrol, food and booze.

If you would like me to investigate this any further, regarding dates, give me a bell on 4558808.

Normally there are 6 people on a charter.

Now is your chance if you have never fished out of Jackson Bay.

OTAGO HEADS

For those who have never caught a mackerel or slender tuna, presently there are literally "acres" of them out there.

Twice now heading to the Saunders canyon we have managed to pick up a couple of tuna while heading out and again coming back in.

I am surprised at all the activity out there at this time of the year. Also mako's and porbeagle's sharks at the canyon. Global warming!

Also on the subject of the Otago heads, have picked up some excellent groper, a non club member picked up a 17-18 kg groper, 3-8 kg trumpeter and raised beam.

So if you get the opportunity its well worth a visit, there are always electric reels as it its pretty deep out there.

BAR NEWS !

New barman Peter Innes-Jones, set a new standard with his 'first' duties at our Club Bar. A colourful person, with his 'coloured' tie, served the patrons on the Sunday afternoon/evening to a Cheese Board, dips & chips ! Yes he even had smoked Albacore and biscuits for the punters !

Other volunteer bar persons on the night, were quick to state that this 'act' was hard to match, but would continue their dedication to 'service'.

Not that Peter didn't 'serve' the patrons well – he drank well 'on the Job' – ran off for a 'pee', leaving the bar fridge door open – continued 'training' will correct these traits!

Yes he will be back – see the new roster soon – who knows what he has installed as a follow-up ! Watch this space !
